**CHAPLAIN'S REPORT: (SICK AND/ OR IN DISTRESS): Chaplain Dennis Dressler** – It has been an interesting time since the close of the Department Convention as my activities have been varied. In July I performed a funeral service for the Marine son of a retired Ambassador Plenipotentiary who also served as one of two Assistant Commanding General of Africa Command. Of note is the fact that the Ambassador is a woman and not a member of the military. Later in July I traveled to Vancouver, Washington to attend the Celebration of Life for PNP Karen Washabaugh Wheeler. On behalf of the Department, I made a \$100 donation to the Steven Ministry in lieu of flowers. In August I worked with a Detachment Chaplain in trying to track down a Marine he had been informed was either a member of the detachment or had been a member. This person was not on the detachment's roster nor on the Charter. We had a first and last name only, the state where he may have lived at the time he had passed away and no range of dates of the time of passing. Despite many searches I was unable to find the Marine. Also, in August I attended the VAVS meeting at Mann Grandstaff Medical Center as the Director's Meeting with VSO's. I received and processed the Notices Of Death for two members: Don Graves 9 August 2022 Twin Harbors and Ruth Falconbury 19 August 2022 Columbia River

## **CORRESPONDENCE OF THE DEPARTMENT: None reported**

### **REPORT OF OFFICERS:**

- **Commandant John Moysiuk** – [Adjutant-Due to a conflict of interest by my tape recorder the Cmndn'ts report will be a lot shorter than his actual verbalized report.] Cmndn't Moysiuk shared a concern about detachments & Departments not following the bylaws and shared that recently a Department and 29 detachments of that department were placed on suspension by the National Headquarters until those detachments and Department come back into compliance. The non-compliance involved not filing of taxes (990) and not being registered as a non-profit within their State. Happy to report that we are following the bylaws for the most part but letting all know what can take place by not filing annually.
- **Sr Vice Commandant Ed Falter** – Do your best to maintain communications with your members and seek those that have yet to join our ranks.” This should be our mantra. Open communication among the ranks and a search for new members. I want to concentrate on the communication aspect and leave recruiting to the JVC. We have discussed, in length, the different means by which we can reach out to our members and those who have yet to join us. Websites, Facebook and the new QR code application on the National website are all great means to get the word out and to directly get the information from prospective members when you use this technology. It has been my experience that the MCL does not do a particularly good job when it comes to publicity and communication. But the times they are a changin.’ The new tools available to us make it easier to get the word out over a large area as well as keeping your members informed. Take the time in your meetings to TEACH the necessary steps to locate the websites and to use Facebook and the QR code. Do not assume everyone is up to speed. Most of us are north of 40 and some of us cannot remember that far back. Lean on your younger troops and let them share their expertise. The computer age and actual age do not always jive. I hope I threw enough humor into this along with a serious note to stay connected with each other using all the tools at your fingertips (literally). We are “The few, the proud, the Marines.”
- **Jr Vice Commandant Shane Inman** – There are many new things coming from National about rebuilding our fighting force here in the Department and throughout the Marine Corps League. I plan to make it my mission to continue the building of our Department and League Detachments with new members. If you do not regularly check the National Website [www.mclnational.org/](http://www.mclnational.org/) I strongly urge you to do so. There are continuous updates and information for all. If you need any assistance with recruiting ideas, or anything you need help with please do not hesitate to reach out to me directly. Thank you for electing me to be your Department Junior Vice Commandant. The best asset we have as Marines is our ability to meet and share with others. Keep up the decent work finding Marines and Sailors to assist us in our mission and continue to grow the Marine Corps League.
- **Judge Advocate Joel Cartwright** – There are currently no new or pending Chapter 9 cases for the Department. I have been busy with the updating of the Department Bylaws. That is on schedule to be completed by the Spring Staff Meeting 2023 as per your request. I have received no new Bylaw change requests to be considered for the Convention in 2023.
- **Jr Past Commandant George Hilbish II** – No Report

### **REPORT OF STANDING COMMITTEES/ADVISORY COUNCILS:**

- **CONVENTION BIDS: Commandant John Moysiuk** – Is there any detachment here that would host the 2024 Dept. Convention. Please return to your detachments for a determination and let me know.
- **ROCK 32 CEREMONY – Mark Gorman** – The Cost of the Program this year is as follows: Roses \$195.xx, Pizza 335.xx, Honey Bucket 200.xx for a total of \$730.00. \*The Color Guard and Rifle Team wad from security Bn, Bangor, WA, Young Marine Unit from King Tom Tomford County, from Marine Support Group and MCL members from around the state came to attend this year. George has turned over the books to me going forward I will be setting up a savings account for the funds and getting a button on our web site for donations to go directly to the Rock ceremony
- **VETERANS LEGISLATIVE COALITION – Shane Inman** – There were no significant changes from the last report as the session is still at recess. We are beginning to gear up for the fall legislative session using a hybrid meeting platform with in-person and virtual meetings with its members. The Veterans Legislative Coalition (VLC) is a due paying, membership based non-profit organization. The VLC is comprised of representatives from the 16 Veteran Service Organizations (VSO's) currently represented, members at large, and all Veterans of Washington State. The VLC during the legislative session organize into fire teams to facilitate the load of bills to either sign in to support or

testify with a statement before the committees. I proudly serve as one of the fire team leaders. Thank you for appointing me to continue to serve as the VLC Chairman.

- **AMERICANISM – Bonnie Holden** – Americanism Award is in the <https://www.mclnational.org> Website in the Library. We had one entry for the Americanism Award this year from the Melvin Smith Det. The next entries will be at the National Convention in 2023 in Oklahoma City OK. This is a history of what your Detachments have done over the year. Now is the time to start collecting pictures of events as well as write up so that you can prepare for the Americanism Award for next year. If you have any questions, please do not hesitate to contact me.
- **EAGLE SCOUTS – Bonnie Holden** – The Marine Corps League National Headquarters website has the form for the Eagle Scout to complete that you can print. I received 2 out of the 15 Detachments who responded. There are embossed awards that can be purchased at the Semper Fi store for this purpose. I would like each detachment to contact me on regular intervals which are listed for this purpose. Even if you have a negative report, please turn that in so that I know that I have reports from all detachments. Period of July 1 each year to December each year should be reported by January 15 Period January 1 each year to June 30 each year should be reported by July 15. If it is easier for you to have a monthly list to send each 6 months, I can then tally each of the detachments for the period that I need to report. My email information, phone number and address are listed below. You can call me if you have questions. But a written report can either be mailed or emailed and is needed. My address, email, and phone at the end of this report. To date I have received two reports. From the following detachments 336 and 1119. There have been no awards given this year. I asked but did not receive negative report or even reports that a detachment was not pursuing this award in their area

If your Det. is planning some type of event send me information about it and I will post it on the Dept. website for everyone to see. On the Department Website you can find information about Current Officers and their email addresses, Detachments meeting times and locations and their Officers. Also, a calendar of Upcoming events is available. Information is available on the Devil Dogs, the Pack Officers, Pounds, and Pound Officers. Standing Committees, Recruitment and Retention, Fleas, and Auxiliary information is also available. If you find any errors or have any suggestions for the website, please contact me.
- **DIGITAL TRANSFORMATIOON: Rick Flath** – No Report
- **MARINE FOR LIFE – Mark Gorman** – In Washington Ace Nelson is our active-duty Marine for M4L program he is leaving us in January 2023. We are meeting face to face at the Scuttlebutt Brewing Co in Everett WA. On the first Tuesday of every month at noon. Phil has reserved the room in his establishment for us to use throughout the year. Sense we have been doing face to face again the Everett naval station and Marysville Fleet and family has been a great backer in this program. There have been several letters that have come out from the navy as directives for their commands and the biggest one is that when a member is in there 180 days the commands are not letting them skilbridge or train for their new careers. Biggest reason is lack of recruitment to back fill the openings in the service.
- **VAAC REPRESENTATIVE –Ron Black** – The VAAC committee has been active during the past quarter supporting the many programs offered by the WA. State Dept. of Veterans Affairs and Governor Inslee's supported programs and community activities that enrich the lives of veterans, Reserve/Guard and Active military. The last Veterans Town Hall for Year 2022 was held in Yelm WA. The guest speakers, the agenda and information presented to veterans, family members, support organizations covered many areas concerning veterans and families, from In home health care to suicide prevention just to name a few of the areas covered. Much thanks go out to the VAAC members who put this town hall together and to all the guest speakers who brought their knowledge and experience to share. In July, the VAAC held an in-person meeting in Tacoma which was the first time in 2 years the entire VAAC committee was able to meet face to face. As summer ends, the VAAC and other volunteer groups serving our veterans is in full operation holding online and in person meetings, workshops etc. in preparation and planning for the mission ahead in year 2023. With Covid not the obstacle it has been over the past two years, the VAAC looks forward to more opportunity to serve veterans in community, in person.
- **MARINE OF THE YEAR – Pres. Ron Black/Secretary Mark Schildknecht** – In June at the last MOY meeting we discussed and voted unanimously in favor to: \*No longer send out MOY nomination forms by usps mail, we will be sending them out via email to all detachment commandants and adjutants and ask for a confirmation email the form was received. This will save money on postage, envelopes etc. The secretary has an up-to-date email for all

commandants and adjutants. \*We voted to no longer require the detachments to mail in nomination forms in (2) envelopes but to send in (1) well sealed envelope. This 2-envelope requirement was started for added security, it was agreed that this was an old unnecessary practice not needed for our MOY purposes. \*The Associate of the year procedures will be put in the bylaws in its own section, The MOY Society agreed to manage the AOY nomination forms like the MOY forms, to create the AOY Nomination form to reflect AOY wording. \*The WA. MOY society will continue to be involved in the AOY nominations, review, voting until such time the AOY procedures are updated by MCL National. \*The MCL Dept Commandant will present the award at the Dept. WA. Annual Convention. If the MOY/AOY is not present at the Convention the Commandant shall plan to present the award at a Detachment meeting. "All Past MOY's we will meet today when we adjourn for the Growl"

- **YOUNG MARINES' LIAISON: Ed Falter – Seattle Young Marines** We've been getting out more, that is for sure. We are currently holding at 13 kids, 6 that just went through our bootcamp and are now official Young Marine Privates. They range in age from 8 through 16. We have been participating with the Puget Sound Marine Corps League Detachment #336 throughout the summer in a parade, annual Rock Ceremony, and a few of their BBQs at the range. Hoping to do more with them this fall and winter. We meet at the American Legion in Kent as they have been kind enough to allow us to use their hall for free. We done a few outings with the Lewis County Young Marines which has been great for both units. We also went camping for the first time as a unit and the kids all had a great time. Can always use more adult volunteers and activities if any arise. Let me know if this works for you or if you need anything else. Jennifer Griep Unit Commander. **Lewis County Young Marines** Since June 2022 our Young Marines have been continuing with Drill on the 1st and the 3rd Saturday of each month at the Winlock Community Center in Winlock Wa. Chef Dan barbecued burgers, hot dogs, and chicken for a crowd of twenty-two who provided tasty pot-luck dishes. Fun and camaraderie were enjoyed by all. **SEPTEMBER-** Detachment members provided security at the entrance gates at the Sprint Boat races held in Port Angeles. This is one of two events held at Extreme Sports Park. We have provided this service for the past four years (2018-2022). 11. **SKAGIT VALLEY DET. #1043:** Robert Olivarez – Shared about the QR Code how much it worked and how much exposure it brought to the detachment 1043 over a few days. I do believe that the QR codes and social media exposure will help the Marine Corps League especially the department of Washington I am willing to help set something up to get us more exposure and help bring in more membership for our organization. I did set one up for the Olympia Detachment got them moving as soon as department has a social media page, I can fire off the QR link that I had already set up for them it does have the website for it and the national website attached to it as of right now.
12. **YAKIMA KITTITAS VALLEY DET. #1055:** Nicholas Myers – Current detachment strength is 35 regular members, 4 associate members, and 14 Permanent Life members. We did add a new associate member in August. Information about the detachment can be found on our website: [www.mclyakima.com](http://www.mclyakima.com) or our Facebook page. The detachment held 3 monthly meetings since June. There have been two funeral honor details performed and the detachment was represented at the Rock ceremony. On September 3 we held a Meet and Greet at the Sundance Espresso in Selah. It was a good morning, and we met several veterans and their families. We plan to do similar events in the future. The detachment provided a color guard to lead the Selah Homecoming parade on September 28. Preparations are currently underway for the Veterans Stand Down on October 22 for which the detachment donated \$100.00 and the annual Veterans Day ceremony at Sarg Hubbard Park on Nov. 11. This will help with getting toys to children in need in this area. This is one of the poorest sections of our county and because it is so far from the central Lewis County section many families are missed. I will be speaking at the event on our Toys for Tots Program. Since June 2022, our Lewis County Young Marines have been continuing with Drill on the 1<sup>st</sup> and the 3<sup>rd</sup> Saturday of each month at the Winlock Community Center in Winlock WA.
